

**The 97th Regular Press Conference by the President: First Release**

2 April 2018 (H30)

Commemoration Ceremony for the Establishment of The School of Informatics and Data Science/The Department of Integrated Global Studies at the School of Integrated Arts and Sciences is Held on 16th May 2018

Commemoration Ceremony for the Establishment of The School of Informatics and Data Science/The Department of Integrated Global Studies at the School of Integrated Arts and Sciences is held on 16th May 2018 at Grand Prince Hotel Hiroshima.

To commemorate the occasion, Dr. Yoshinori Ohsumi, 2016 Nobel laureate in Physiology or Medicine, is invited to give a commemoration lecture on the venue. The lecture presentation is going to be a precious opportunity for the audience to be able to hear the talk of the world-class researcher. Therefore, the notices have been sent out not only to those parties responsible for the management of Hiroshima University, but also to the high schools across Kyushu/Chugoku-Shikoku areas to facilitate an attendance of the students.
