

International Symposium & Workshop

Taking a global perspective on how young researchers can revitalize regional prosperity

The challenge of doctorates

entry is
free of charge

2015 **2/12** thu · **13** fri
Sheraton Hotel Hiroshima 12-1 Wakakusa-cho,
Higashi Ward, Hiroshima City

2/12 thu International Symposium

13:00~17:00/Sheraton Hotel Hiroshima (Minami room, 3rd floor)

Keynote Lecture English-Japanese simultaneous interpretation provided

Keynote Lecture 1

Developing world class researchers

Dr. Janet Metcalfe
Chair and Head, Vitae, UK

Keynote Lecture 2

The role of doctorates and young researchers in enhancing regional innovation

Ms. Emilda B. Rivers
Program Director, National Science Foundation, USA

Keynote Lecture 3

PhD value: what is the doctorate for? Comparative responses from South Africa and Mauritius

Dr. Michael A. Samuel
Professor, School of Education,
University of KwaZulu-Natal, South Africa

Lecture

Lecture 1

The current state of science and technology policy and young researchers in Japan

Mr. Hiroshi KATAOKA Manager, Human Resource Policy Department, Science and
Technology Policy Bureau, Ministry of Education, Culture, Sports, Science and Technology

Lecture 2

Potential young researchers and regional promotion

Mr. Tomohiro OHISHI Director, Innovation Promotion Department, Hiroshima
Prefecture Commerce and Labor Bureau

Lecture 3

Aims of Mirai wo Hiraku Chiho Kyoso Platform (Regional Collaboration Platform to Open Up the Future)

Dr. Misako AIDA Vice President, Hiroshima University (responsible for university
corporate planning), Deputy Director of Global Career Design Center

Panel Discussion English-Japanese simultaneous interpretation provided

What can Mirai wo Hiraku Chiho Kyoso Platform (Regional Collaboration Platform to Open Up the Future) do to create an attractive Chugoku-Shikoku Region?

Panelists: **Dr. Hidetoshi MIKE** (Director and Vice President, Yamaguchi University)
Dr. Sumihare NOJI (Director and Vice President, Tokushima University)
Mr. Tomohiro OHISHI (Director, Innovation Promotion Department, Hiroshima
Prefecture Commerce and Labor Bureau)
Dr. Janet Metcalfe (Chair and Head, Vitae, UK)
Ms. Emilda B. Rivers (National Science Foundation, USA)
Dr. Michael A. Samuel (University of KwaZulu-Natal, South Africa)

Coordinator: **Dr. Misako AIDA** (Vice President, Hiroshima University (responsible for university
corporate planning), Deputy Director of Global Career Design Center)

Reception 17:30~19:30/Sheraton Hotel Hiroshima (Mizuki room, 3rd floor)

[Fee] General : 5,000yen, Students : 3,000yen

2/13 fri Workshop

10:00~16:30/Sheraton Hotel Hiroshima (Minami room, 3rd floor)

Workshop 1 Participants: Doctoral course students and young researchers

Transferable skills workshop for potential young researchers (Introduction) English-Japanese consecutive interpretation provided

To Succeed in Various Fields in Society

Lecturer : **Dr. Janet Metcalfe** (Chair and Head, Vitae, UK)

Workshop 2 Participants: Doctoral course students and young researchers

Career development workshop for potential young researchers

Learning from Doctoral Resources Succeeding in Various Fields- Developing Your Own Brilliant Career! (Japanese)

Facilitator: **Dr. Jun HARADA**
(Deputy Director, General Education Center, Prefectural University of Hiroshima)

Coordinator: **Mr. Kota SUGIKAWA**
(Associate professor, Hiroshima University Graduate School of Engineering)

To apply

Please send an email to the address below with the necessary information in the main text of the email
(name, organization, email address, participation in information exchange session).
Please contact us separately regarding workshops.

Profile

Dr. Janet Metcalfe

 Chair and Head, Vitae, UK

Dr Janet Metcalfe is Chair and Head of Vitae, whose mission is to lead world class career and professional development of researchers. She is responsible for the implementation of the UK Concordat to Support the Career Development of Researchers, the UK equivalent of the European Charter and Code. She led on the creation of the Vitae Researcher Development Framework, based on the knowledge, skills and attributes of highly effective researchers. In Europe Janet is a member of the Horizon 2020 Marie Skłodowska-Curie Actions Advisory Group and an expert member on the Steering Group for Human Resources and Mobility Working Group on Researchers Professional Development. She was involved in the development of the European Charter and Code of Practice and the Third (doctoral) Cycle of the Bologna Process.

Ms. Emilda B. Rivers

 Program Director, National Science Foundation, USA

Emilda B. Rivers is the Director of the Human Resources Statistics Program (HRS) of the National Science Foundation's National Center for Science and Engineering Statistics. As the HRS Director, she is responsible for the collection and dissemination of comprehensive information on the education and employment of scientists and engineers. These data address science and engineering career pathways and inform domestic and international policies. Ms. Rivers has over 25 years of federal statistical service as a mathematical statistician working on establishment and demographic surveys. During these years of service, she has often used her statistical and methodological expertise to design and implement projects that provide previously missing data critical to decision making. Mrs. Rivers holds a master's degree in survey methodology from the University of Maryland College Park.

Dr. Michael A. Samuel

 Professor, School of Education, University of KwaZulu-Natal, South Africa

Michael Samuel is a Professor in the School of Education, University of KwaZulu-Natal. He has served as a curriculum designer of innovative masters and collaborative doctoral cohort programmes locally and internationally. He has also been a member of the Ministerial Committee on Teacher Education assisting the development of national teacher education policy in South Africa. He has served as former Deputy Dean: Initial Teacher Education and Dean (Faculty of Education, UKZN). His research interest focuses on teacher professional development, higher education, life history and narrative inquiry. He is the recipient of the Turquoise Harmony Institute's National Ubuntu Award for Contribution to Education.
