

**Announcement of Faculty Position**  
**Graduate School of Biomedical and Health Sciences, Hiroshima University, Japan**

April 19, 2019

Hiroshima University has been selected as one of the 13 Type A (top type) universities under the fiscal 2014 program to support the creation of super global universities. Hiroshima University aims to become one of the global top 100 universities by continuously fostering global leaders and creating knowledge while promoting university reforms centering on the twin pillars of educational and research capabilities.

Graduate School of Biomedical and Health Sciences, Hiroshima University seeks applicants for 1 professor position.

In education, we seek a person as Professor who can instruct graduate and undergraduate students in dental engineering and related subjects, while having sufficient knowledge to train students in the School of Dentistry (Programs of Dentistry and Oral Health Science) and the Graduate School of Biomedical and Health Sciences to be advanced dental professionals or researchers.

Since the Graduate School was reorganized in April 2019, we are conducting oral science education in collaboration with the field of health science.

Our School of Dentistry launched an International Dental Course in 2011 and is implementing student education to improve their global competency. In the school Professors are required to conduct lectures in accordance with "Dual Linguistic Education system" using both English and Japanese.

In research, we seek a person as Professor who can direct studies in the field of dental engineering and related areas. It is expected that this person shall be able to conduct research projects in cooperation with other research facilities and hospitals within and outside Hiroshima University.

In clinical, we seek a person as Professor who can lead medical care and clinical education at oral health department etc in Hiroshima University hospital.

We seek a person in the wide range of abovementioned fields, having enthusiasm for educational and research activities and can achieve excellent research results. The person shall understand the principles and visions of our schools, hospital and university and have belief in and passion for our school and university administration.

We would appreciate if you send this announcement to relevant audiences. Also, we would be grateful if you could recommend someone who meets our requirements or encourage competent candidates to apply for this position.

- (2) Workdays are from Monday to Friday (excluding public holidays) in principle.
- (3) Holidays are Saturdays, Sundays and public holidays in principle.

#### 12. Salary, etc.

- (1) The monthly salary system will be applied to successful applicants.  
(Regulations Concerning Salaries of Hiroshima University Faculty Members Employed will be applied.)
- (2) Successful candidates may be reimbursed for travel expenses incurred for the trip from their home or former place of work to the new place of work to assume their post in accordance with the relevant regulations of Hiroshima University. For more information, please contact us.

#### 13. Evaluation

We conduct performance evaluations for all faculty members after their employment. The scored result will be reflected in their treatment.

#### 14. Employer: Hiroshima University

#### 15. Additional Remarks

- (1) Probationary employment period: six (6) months  
(Hiroshima University Work Regulations for Employees will be applied.)
- (2) Personal information obtained from application documents will not be used or provided to any third parties for purposes other than the necessary procedures related to personnel affairs, salary, and welfare.
- (3) All the faculty members of Hiroshima University belong to the "Academy", which is the single university-wide faculty organization, and each faculty as a member of the Academy of the University is appointed to educational and/or research organizations such as an individual undergraduate school, graduate school, and hospital. In addition, all academic staffs at the "Academy" are required to choose one of the units because the unit system is adopted at Hiroshima University.
