The process takes up to a maximum of two (2) months as it goes with the Department of Justice and Department of Foreign Affairs/Philippine Embassy in your home country. OIL Diliman will have already prepared all the requirements needed for the visa application. OIL Diliman will prepare the application at the Department of Justice who will forward the application to the Philippine Embassy or Consulate in your home country for assessment and stamping. This process may take up to two months to process and must be done prior to arrival in the Philippines. We will provide further information together with the acceptance letter.

Special Study Permit (SSP)

The Special Study Permit (SSP) is issued by the Philippine Bureau of Immigration which allows foreign students to study in the Philippines when they enter the country with a Tourist Visa. Eligible nationals who plan to enroll in non-degree courses that last for less than one (1) year may first apply for tourist visas at the Philippine Embassy but should get the SSP upon arrival in the Philippines. However, SSP is only a permit and not a visa, hence the students are required to renew their tourist visa every two (2) months at the nearest Bureau of Immigration satellite office. Requirements include their passport and application fee (PhP 9,000) which includes the SSP and AI-card. The official receipt will be provided once the Bureau of Immigration has released it. Students will be contacted once their visas are available or if there are issues.
