Announcement of Faculty Position
Graduate School of Biomedical and Health Sciences, Hiroshima University, Japan

July 22, 2020

Hiroshima University has been selected as one of the 13 Type A (top type) universities under the fiscal 2014 program to support the creation of super global universities. Hiroshima University aims to become one of the global top 100 universities by continuously producing global talents and creating knowledge while promoting university reforms centering on the twin pillars of educational and research capabilities.

Graduate School of Biomedical and Health Sciences, Hiroshima University invites applications for one (1) Professor.

The Graduate School of Biomedical and Health Sciences, Hiroshima University seeks applicants for one Professor position to strengthen our functions with regard to international dental education and research. The candidate is desired to have skills and experience to work on education and research in the field of Pediatric Dentistry.

In education, we seek a person who can instruct graduate and undergraduate students in Pediatric Dentistry and related subjects, while having sufficient knowledge to train students as advanced dental professionals or researchers in the School of Dentistry (Program of Dentistry and Program of Oral Health Science) and the Graduate School of Biomedical and Health Sciences. Our School of Dentistry launched an International Dental Course in 2011 and is implementing student education to improve global student competency. In the school the teacher must conduct lectures as "Dual Linguistic Education" using English and Japanese.

In research, we seek a person who can conduct research on Pediatric Dentistry. This person shall be able to conduct research projects in cooperation with laboratories within and outside Hiroshima University.

In a clinical aspect, we seek a person as Professor who can carry out clinical services, train specialists, and instruct undergraduate students in the Hiroshima University Hospital (Department of Pediatric Dentistry etc.).

We seek a person in the abovementioned fields who has enthusiasm for educational and clinical activities and can achieve excellent research results. The person shall understand the principles and visions of our schools, hospital and university and have belief in and passion for our schools and university administration.
