JAPAN – INDIA Inter-University Exchange Project
Online Student Workshop on

TECHNOLOGIES *for* the FUTURE

PROGRAM

Keynote Lecture #1

**“Starting and scaling
a social enterprise”**

Ms. Neha Juneja

Co-founder,
Greenway Grameen Infra Pvt Ltd

Ms. Juneja is the co-founder of a social enterprise and India's largest manufacturer and distributor of clean cookstoves. Awarded the Elle Impact Award in 2016, the L'Oreal Award for Science & Innovation and the Businessworld Young Entrepreneur.

Keynote Lecture #2

**“Development and dissemination of
affordable prosthetic technology in India”**

Dr. Ken Endo

CEO, Xiborg Inc.

Dr. Endo works on the technology that rehabilitates and augments human physical capability, such as prostheses and orthoses. His team is now developing an athletic prosthesis with a goal of a gold medal in the 100m/200m sprint at the Tokyo Paralympic in 2021. Chosen for World Economic Forum's Young Global Leaders 2014 and MIT Technology Review's list of top innovators under 35.
