

【Additional explanation】 Interview: the specialized fields in which each program asks basic academic ability

In the interview, the specialized fields in which each program asks basic academic ability are as follows.

○Program of Biotechnology

Biotechnology Program: Molecular Biology and Biochemistry (Main range of questions: Voet BIOCHEMISTRY, 4th Ed. (Section 1, 4, 6, 8, 11, 14, 17, 21, 25, 29, 30, 31, 32, 34).

○Program of Food and AgriLife Science

The specialized subject of the applicant's expected academic supervisor. Please refer to the home page of Graduate School of Integrated Sciences for Life (<https://www.hiroshima-u.ac.jp/en/ilife/research/food-and-agrilife-science>) for the specialized subjects of the academic staffs.

○Program of Bioresource Science

The specialized subject of the applicant's expected academic supervisor. Please refer to the home page of Graduate School of Integrated Sciences for Life (<https://www.hiroshima-u.ac.jp/en/ilife/research/bioresource-science>) for the specialized subjects of the academic staffs.

○Program of Life and Environmental Sciences

For the specialized fields (research contents) of the faculty members from whom you wish to receive guidance, please refer to the home page of the Graduate School of Integrated Sciences for Life (<https://www.hiroshima-u.ac.jp/en/ilife/research/life-and-environmental-sciences>).

○Program of Basic Biology

An essay-based exam (Questions about basic knowledge and research of biology)

○Program of Mathematical and Life Sciences

Please select and answer one desired field out of the following subjects; Mathematics, Physics, Chemistry, Biology

○Program of Biomedical Science

Basic knowledge of biochemistry, molecular biology, and specialized subjects of the applicant's expected academic supervisor.

Please refer to the home page of Graduate School of Integrated Sciences for Life (<https://www.hiroshima-u.ac.jp/en/ilife/research/biomedical-science>) for the specialized subjects of the academic staffs.
