The correct method to dispose of your trash and waste materials when moving in the dormitory

Regarding your waste materials when moving in, please bring them to the Garbage Collection Point.

After you have cleared them up, you can separate and dispose of your daily trash into the plastic trash cans located in the dormitory.

Concerning cardboards and magazines, you must always bring them to the Cardboard Collection Point.

If you require further information, please contact the caretaker.

● **Cardboard**...should be flattened (bound with strings if many) and brought to the Cardboard Collection Point located on the side of Building No.11.

● **Styrofoam**...should be split smaller, put into a purple waste bag* for recyclable waste and brought to the Garbage Collection Point.

● **Papers and other combustible waste**...should be put into an orange bag* and brought to the Garbage Collection Point.

*Waste bas designated by Higashi Hiroshima City are available at local stores.
