

For entrants in FY 2022

Appended Form 1

Specifications for Major Program

Name of School (Program) [School of Letters, Humanities]

Program name (Japanese)	哲学・思想文化学プログラム
(English)	Philosophy and Thought
1. Degree: Bachelor of Arts	
2. Outline	
<p>The Program of Philosophy and Thoughts is designed to develop human resources who regard the contemporary world through the lens of human wisdom inherited from the societies and histories of every region, including Western countries, India, China, and Japan.</p> <p>In the field of Western philosophy, this program allows students to acquire basic methods necessary for philosophical inquiry, and to develop the ability to examine issues, including various contemporary problems, deeply and multilaterally through the systematic and literature-based study of the main philosophical issues from ancient to modern times, such as ontology, logic, epistemology, and subjectivity and objectivity.</p> <p>In the fields of Indian philosophy and Buddhism, after learning Sanskrit, students will be able to understand the diverse Indian world through the study of classical literary works such as mythology, poetry, drama, the religious and philosophical works of Hinduism and Buddhism, indigenous grammar books, etc. In addition, the education offered by the program allows students to understand how Buddhism originated with the Buddha, and how it was changed and developed in Sri Lanka, Southeast Asia, and Tibet.</p> <p>In the field of Ethics, through the study of Japanese and Western ethics, including the history of ethical thought, students are able to study applied ethics in relation to life, the environment, information, education, research, robotics, space, enterprise, gender, and peace, deepening their worldview, view of life, and sense of value.</p> <p>In the field of Chinese thought and culture, the program allows students to make an in-depth study of the contents and features of the 3000-year-old tradition of Chinese thought and culture, such as Shoshi Hyakka (the Various Masters of the 100 Schools), Confucianism, Taoism, Neo-confucianism, and Japanese sinology, with a focus on careful reading of the literature. In addition, students consider the significance of this culture in relation to modern society.</p>	
3. Diploma policies (degree conferment policy & Program attainment goals)	
<p>School of Letters adopts “to foster unique human resources with rich human nature who have broad basic academic abilities and expertise mainly in the field of humanities, who accurately look in modern society based on their acute sensitivities and objective perspectives” as its educational principle. To implement this principle, the School of Letters educational goals are “to inherit traditional research findings and methodologies; to deepen basic research in the areas of expertise; to always pay attention to new research fields and interdisciplinary fields; to actively promote wide-ranging research; to activate research always with a keen awareness of problems for modern society; to enhance foreign language proficiency; to acquire an information processing ability in line with the necessity of the areas of expertise; to cultivate modesty and flexibility in order to engage in constant self-improvement; and to foster an attitude to learn about human history and to value the spirit of international peace.”</p> <p>In this Program, based on these educational principles and goals, we set the following attainment goals:</p>	

- (1) To acquire a wide range of basic academic skills, and expertise in the fields of philosophy, and of thought and culture,
- (2) To learn the results and methodology of traditional research in each area of expertise (Philosophy, Indian Philosophy, Buddhism, Ethics, Chinese Thought and Culture), and
- (3) To deepen their basic studies in each field of expertise and, in addition, acquire an academic grounding which allows them to develop new research and interdisciplinary areas through discovery of significant contemporary factors and issues.

To be awarded a degree after completing the curriculum in this Program, which is designed to attain these goals, students are required to meet the following conditions:

- (1) Students shall be enrolled in this Program for a prescribed period, and shall acquire the prescribed number of credits by completing class subjects set by this Program, and
- (2) Students shall develop a deep insight into human culture through the collection, analysis, and critical consideration of sourcebooks and historical materials, and shall prepare and submit their own theses.

4. Curriculum policies (Policies for organizing & providing curricula)

This Program organizes and implements the following curricula to achieve the educational principles and educational goals of the School of Letters, as well as to attain the goals of this Program:

- (1) Students shall take liberal arts education subjects to acquire a broad education that provides the basis for specialized research, foreign language abilities, information processing ability, and a broad perspective on human problems such as peace-related problems in an interdisciplinary fashion,
- (2) Students shall be assigned to the educational program & the field of expertise in the second year, and shall take subjects for specialized lectures to acquire a basic knowledge and understanding on their respective fields of expertise,
- (3) Students shall take participatory and small-class subjects for specialized seminars (such as basic seminars and advanced seminars) in the third year to acquire the ability to comprehend the source materials, the ability to investigate materials, research methods, and the ability to perform logical analysis, and
- (4) Students shall refine their creative and multifaceted analytical abilities under the guidance of faculty members in their fourth year, and after deciding on the theme of their theses, shall prepare their graduation theses as a compilation of their studies in the Bachelor Program.

5. Start of the Program & specialized field / admission conditions

Second year / Respecting each student's choice, we will use the following method to screen students at the end of the first year using their registration for subjects after enrollment at this University as a reference.

Students enrolled via the Splendor (Hikari Kagayaki) Entrance Examination Comprehensive Selection Type II will be assigned to the program for which they took examination.

(1) Submission of a notice of choice

Submit your notice of choice and written reasons for choosing the educational program and field of expertise by the last day of January in the first year.

(2) The method of screening applicants shall be based on the following items.

- When the number of applicants is within the number of students to be accepted: Accept all applicants as requested
- When the number of applicants exceeds the number of students to be accepted: Accept the students with the top academic achievements until the number of students to be accepted is fulfilled.

Students who are not accepted for their first choice will be accepted for their subordinate choices within the number of students to be accepted by the order of their academic achievements.

6. Qualification(s)

- Type-1 Junior High School Teaching License (Japanese, Social Studies, English, German, and French)
- Type-1 High School Teaching License (Japanese, Geography & History, Civics, English, German, and French)
- Qualification for a curator

7. Class subjects and class content

- * See the Table of Registration Standards on Attached Sheet 1 for your class subjects.
- * See the syllabus announced in each fiscal year for the class content.

8. Academic achievements

At the end of each semester, evaluation criteria will be shown with a clear indication of attainment standards according to the evaluation items for academic achievements.

Students' academic achievements from admission to the current semester will be indicated as one of three levels: "Excellent," "Very Good," and "Good," based on evaluation criteria calculated by adding the weighted values to numerically converted evaluations of their academic achievements (S = 4, A = 3, B = 2, and C = 1) in each subject being evaluated.

Evaluation of academic achievement	Converted value
S (Excellent: 90 points or higher)	4
A (Superior: 80 – 89 points)	3
B (Good: 70 – 79 points)	2
C (Fair: 60 – 69 points)	1

Academic achievement	Evaluation criteria
Excellent	3.00 – 4.00
Very Good	2.00 – 2.99
Good	1.00 – 1.99

For the details of the evaluation method of academic achievements in this Program:

- * See the relationships between the evaluation items and evaluation criteria on Attached Sheet 2.
- * See the relationships between the evaluation items and class subjects on Attached Sheet 3.
- * See the Curriculum Map on Attached Sheet 4.

9. Graduation thesis (graduation research) (placement and time of assignment & method)

○ Placement

With the graduation thesis positioned as the goal of this Program, students will be required to acquire four credits for Guidance on Graduation Theses, and eight credits for their graduation thesis. Your graduation thesis is a compilation of your academic achievements in this Program. The purpose of preparing a graduation thesis is to confirm the level of your academic achievements in this Program and to allow for further studies after graduation.

○ Time of assignment and method to prepare a graduation thesis

In the first semester of the fourth year, based on the research theme each student selects in advance, students will select the faculty member who will provide guidance on their graduation thesis, and submit the title of their graduation thesis at the end of October, and the graduation thesis itself at the end of January.

10. Responsibility system

PDCA responsibility system ("Plan," "Do," "Check," and "Act")

The Faculty Council of the Program of Philosophy and Thoughts shall be responsible for planning, implementing, reviewing the evaluation of and carrying out any measures required for this Program. The university-wide Educational Quality Assurance Committee shall review the evaluation of and carry out any required measures for this Program from outside this Program.

Attached table (related to Paragraph 3, Article 4 of the Detailed Regulation)

Curricula of School of Letters

No. of credits required for graduation: 124 (liberal arts education subjects: 40 credits, specialized education subjects: 84 credits)

Liberal arts education subjects

Type	Subject type		Required credits	Class subjects	Credits	Type of course registration	Year in which the subject is taken (Note 1)				
							1st semester				
							1T	2T	3T	4T	
Liberal Arts Education Subjects	Peace Science Courses		2		2	Elective required		○			
	Basic Courses in University Education	Introduction to University Education	2	Introduction to University Education	2	Required	○				
		Introductory Seminar for First-Year Students	2	Introductory Seminar for First-Year Students	2	Required	○				
	Common subjects	Area Courses		20	(Note 2) (Note 7)	2	Elective required	○	○	○	○
		English		4	Communication I A	1	Elective required	○	○		
					Communication I B	1		○	○		
					Communication II A	1				○	○
					Communication II B	1				○	○
					2 subjects or more from the 4 subjects above						
		Non-English Foreign Languages	(Select one language from German, French, Spanish, Russian, Chinese, South Korean, or Arabic)	4	Basic Studies I	1	Required	○	○	○	○
					Basic Studies II	1		○	○	○	○
					Basic Studies III	1		○	○	○	○
					Basic Studies IV	1		○	○	○	○
		English or Non-English Foreign Languages (Note 5)		2	Basic English Usage I	1	Elective required	○	○		
					Basic English Usage II	1				○	○
Intensive Studies I					1	Elective required	○	○			
Intensive Studies II	1							○	○		
Information and Data science Courses		4	Introduction to Information and Data Sciences (Note 6) (Note 7)	2	Required		○				
			(Note 6)	2	Elective required			○	○		
Health and Sports Courses		(0)	(Note 3) (Note 7)	1又は2	Free elective	○	○	○	○

Foundation Courses		(0)	(Note 3)	1~3	Free elective	○	○	○	○		
計			40								

Note 1: The term indicated with a circle represents the term in which students typically take the subject. If a student fails to earn the credit in that term (or semester), they are allowed to take the subject in a later term (or semester). Students are required to confirm the semester in which the subject is provided in the class schedule for liberal arts education subjects that is published for every academic year, as some subjects may be provided in another term (or semester) than that which is provided in this document.

Note 2: Students are required to earn 4 credits for 2 subjects or more in the natural sciences and 4 credits for 2 subjects or more in the human & social sciences.

Note 3: When the student takes a subject of Information and Data science Courses, Health and Sports Courses, Social Cooperation Courses or Foundation Courses, the credit(s) is considered to be for Area Courses.

Note 4: For English language studies, achievement in an English language skill test might be accepted as a credit. For further details, refer to "Credit based on Achievement in Foreign Language Skill Test" in the section for liberal arts education.

Note 5: Students are required to earn 2 credits for either Basic English Usage I, II or Intensive Studies I, II. Those who want to study foreign languages(excluding English) further are recommended to take Intensive studies I, II. If students earn more credits of them than the number of credits required, the exceeded credit(s) up to 2 credits is considered to be for Area Courses.

Note 6: For Information and Data Science studies, students are required to take the subject "Introduction to Information and Data Sciences" that is provided in the second term, and to earn 2 credits in the subjects of "Computer Programming", "Intelligence and Computer", "Fundamental Data Science", "Ground zero programming" and "Data science for education". If students earn more credits of them than the number of credits required, the exceeded credit(s) up to 2 credits is considered to be for Area Courses.

Note 7: Students who want to obtain an educational personnel certification are required to earn 2 credits for the subject "Japanese Constitution" in Area Courses, 2 credits for the subject "Introduction to Information and Data Sciences" in Information and Data science Courses, and 2 credits in Health and Sports Courses. For the detail, refer to "Acquisition of Educational Personnel Certification" in the section for the specialized education.

Specialized Education Subjects

Program of Philosophy and Thought

Type	Class subjects		Semester	Credits	Type of course registration	Remarks
Basic specialized subjects: 30 credits	Introductory subjects (Introductory subjects from respective-fields)		1·2	6	Elective required subjects	Up to 2 of any credits can be used as credits in free elective subjects.
	English		3·4	4	Elective required subjects	Subjects in the common subject group of educational programs offered by the School of Letters. It is recommended to choose a subject according to the area that the student wants to study.
	General Introduction to Human Science A,B					
	Elementary Seminar in History of Philosophy (Greek)					
	Elementary Seminar in the History of Philosophy (Latin)					
	Elementary Seminar in Ethics(German)					
	Introduction to Sanskrit					
	Basic Analysis of Chinese Classics					
Free elective subjects		1-8	20	Elective required subjects	Choose subjects from specialized education subjects offered by the School of Letters or by other faculties, or from subjects offered by the Center, etc.	
Specialized subjects: 42 credits	Specialized Introduction	Subjects for the Introduction and research methods in the "Field of Western Philosophy", "Field of Indian Philosophy", "Field of Ethics" or "Field of Chinese Philosophy".	3-6	42	Elective required subjects	Take specialized subjects for at least 26 credits in the field of your choice.
	Specialized seminars	Subjects for Basic seminars, Advanced seminars and Special seminars in the "Field of Western Philosophy", "Field of Indian Philosophy", "Field of Ethics" or "Field of Chinese Philosophy".	3-8			
Subjects for the graduation thesis: 12 credits	Guidance on Graduation Thesis A, B		7·8	4	Required subjects	
	Graduation Thesis		8	8	Required subjects	
Total				84

Academic achievements of Program of Philosophy and Thought

Relationships between the evaluation items and evaluation criteria

Academic achievements		Evaluation criteria		
Evaluation items		Excellent	Very Good	Good
Knowledge and Understanding	(1) Basic understanding of Philosophy and Thoughts (including Liberal Arts Education)	To acquire the basic knowledge concerning history of Philosophy and Thoughts and be able to utilize the knowledge in research area	To acquire the basic items concerning history of Philosophy and Thoughts and be able to improve understanding it	To be able to understand basic items concerning history of Philosophy and Thoughts
	(2) Acquisition of basic knowledge about Philosophy and Thoughts	To have the basic knowledge on one's specialty and be able to utilize the knowledge in research effectively	To understand the basic knowledge on one's specialty and be able to improve thinking by combining it.	To be able to understand the basic technical knowledge related to Philosophy and Thoughts
	(3) Basic language proficiency to understand original texts related to Philosophy and Thoughts	To be able to understand meanings of words, usage and sentence structures and characteristics in expression, and interpret the contents of documents and texts accurately based on its plot and development	To be able to understand meanings of words, usage and sentence structures, and interpret the contents of documents and texts based on its plot and development	To be able to understand meanings of words, usage and sentence structures
Abilities and Skills	(1) Acquisition of research abilities concerning Philosophy and Thoughts	To be able to research original materials and texts if needed by utilizing research tools such as dictionaries and indices	To be able to research original materials and texts if needed by utilizing basic research tools such as dictionaries and indices	To be able to utilize basic research tools such as dictionaries and indices
	(2) Acquisition of research methods of Philosophy and Thoughts	To have adequate knowledge of traditional research methods and to be able to apply them into one's own research and develop the research	To have knowledge of traditional research methods and to be able to apply them into one's own research	To be able to understand traditional research methods
	(3) Acquisition of abilities to logically analyze and consider problems related to Philosophy and Thoughts	To have the adequate ability to logically analyze and consider problems concerning Philosophy and Thoughts and to be able to utilize the ability in research	To be able to logically analyze and consider problems concerning Philosophy and Thoughts and able to utilize that to one's own research	To be able to logically analyze and consider problems concerning Philosophy and Thoughts
Comprehensive Abilities	(1) Acquisition of understanding and expression abilities of foreign languages as well as Japanese language, concerning Philosophy and Thoughts	To have the profound understanding and expressive ability in foreign languages and Japanese and to be able to express one's opinions in persuasive writing concerning Philosophy and Thoughts	To have the understanding and expressive ability in foreign languages and Japanese and to be able to express one's opinions concerning Philosophy and Thoughts	To exhibit the understanding and expressive ability in foreign languages and Japanese concerning Philosophy and Thoughts
	(2) Acquisition of thesis writing abilities and presentation abilities that express his or her ideas or opinions based on preceding studies by acquiring abilities to think logically	To be able to acquire the excellent capacity of logical thinking, thesis writing and presentation, and to develop one's opinions logically	To be able to acquire the capacity of logical thinking, thesis writing and presentation, and to develop one's opinions logically	To be able to acquire the capacity of logical thinking and to express one's opinions
	(3) Acquisition of the ability to consider traits and questions of philosophy and thoughts related to the existence of human beings with multiple perspectives and to set one's target and solve the problem	To have the ability to set a target and solve problems in a curriculum and to be able to write excellent graduation thesis	To have the ability to set a target and solve problems in a curriculum and to be able to write graduation thesis that meets a certain level	To have the ability to set a target and solve problems in a curriculum

Placement of Liberal Arts Education in the Major Program

The liberal arts education in this program aims not only to develop basic academic skills for the study of specialized subjects, including skills in the various foreign and classic languages required for reading the original texts, but also to learn the methods, results, and challenges related to studying various subject areas in order to establish a unique point of view that can be used for the furthering of those specialized studies.
