

For entrants in FY 2022

Appended Form 1

Specifications for Major Program

Name of School (Program) [School of Letters, Humanities]

Program name (Japanese)	日本・中国文学語学プログラム
(English)	Japanese and Chinese Languages and Literatures
1. Degree: Bachelor of Arts	
2. Outline The Program of Japanese and Chinese Languages and Literatures educates students to be able to compare the characteristics of language and literature of both Japan and China so they can explore the various facets of interrelation between the two in order to gain a new understanding and grasp both as a whole and form a wider perspective. <ul style="list-style-type: none">• For the field of Japanese Language and Literature, the Program provides students with the opportunity to study and research subjects regarding classic literature from ancient to early modern times, modern and contemporary literature, and Japanese linguistics.• For the field of Chinese Language and Literature, students have the opportunity to study subjects such as literary works from ancient to the present times, history of characters, particularity of expressions, and phonology.	
3. Diploma policies (degree conferment policy & Program attainment goals) School of Letters adopts “to foster unique human resources with rich human nature who have broad basic academic abilities and expertise mainly in the field of humanities, who accurately look in modern society based on their acute sensitivities and objective perspectives” as its educational principle. To implement this principle, the School of Letters educational goals are “to inherit traditional research findings and methodologies; to deepen basic research in the areas of expertise; to always pay attention to new research fields and interdisciplinary fields; to actively promote wide-ranging research; to activate research always with a keen awareness of problems for modern society; to enhance foreign language proficiency; to acquire an information processing ability in line with the necessity of the areas of expertise; to cultivate modesty and flexibility in order to engage in constant self-improvement; and to foster an attitude to learn about human history and to value the spirit of international peace.” In this Program, based on these educational principles and goals, we set the following attainment goals: <ol style="list-style-type: none">(1) To acquire a wide range of basic academic skills and expertise regarding Japanese and Chinese language and literature;(2) To understand the results and methodologies of established research in each specialized field (Japanese language and literature & Chinese language and literature); and(3) To advance the fundamental research in each specialized field and acquire the necessary ability to actively pioneer research in new areas and interdisciplinary fields with a keen sensitivity towards the issues of contemporary society. To be awarded a degree after completing the curriculum in this Program, which is designed to attain these goals, students are required to meet the following conditions: <ol style="list-style-type: none">(1) Students shall be enrolled in this Program for a prescribed period, and shall acquire the prescribed number of credits by completing class subjects set by this Program, and	

(2) Students shall develop a deep insight into human culture through the collection, analysis, and critical consideration of sourcebooks and historical materials, and shall prepare and submit their own theses.

4. Curriculum policies (Policies for organizing & providing curricula)

This Program organizes and implements the following curricula to achieve the educational principles and educational goals of the School of Letters, as well as to attain the goals of this Program:

- (1) Students shall take liberal arts education subjects to acquire a broad education that provides the basis for specialized research, foreign language abilities, information processing ability, and a broad perspective on human problems such as peace-related problems in an interdisciplinary fashion,
- (2) Students shall be assigned to the educational program & the field of expertise in the second year, and shall take subjects for specialized lectures to acquire a basic knowledge and understanding on their respective fields of expertise,
- (3) Students shall take participatory and small-class subjects for specialized seminars (such as basic seminars and advanced seminars) in the third year to acquire the ability to comprehend the source materials, the ability to investigate materials, research methods, and the ability to perform logical analysis, and
- (4) Students shall refine their creative and multifaceted analytical abilities under the guidance of faculty members in their fourth year, and after deciding on the theme of their theses, shall prepare their graduation theses as a compilation of their studies in the Bachelor Program.

5. Start of the Program & specialized field / admission conditions

Second year / Respecting each student's choice, we will use the following method to screen students at the end of the first year using their registration for subjects after enrollment at this University as a reference.

Students enrolled via the Splendor (Hikari Kagayaki) Entrance Examination Comprehensive Selection Type II will be assigned to the program for which they took examination.

(1) Submission of a notice of choice

Submit your notice of choice and written reasons for choosing the educational program and field of expertise by the last day of January in the first year.

(2) The method of screening applicants shall be based on the following items.

- When the number of applicants is within the number of students to be accepted: Accept all applicants as requested
- When the number of applicants exceeds the number of students to be accepted: Accept the students with the top academic achievements until the number of students to be accepted is fulfilled.

Students who are not accepted for their first choice will be accepted for their subordinate choices within the number of students to be accepted by the order of their academic achievements.

6. Qualification(s)

- Type-1 Junior High School Teaching License (Japanese, Social Studies, English, German, and French)
- Type-1 High School Teaching License (Japanese, Geography & History, Civics, English, German, and French)
- Qualification for a curator

7. Class subjects and class content

* See the Table of Registration Standards on Attached Sheet 1 for your class subjects.

* See the syllabus announced in each fiscal year for the class content.

8. Academic achievements

At the end of each semester, evaluation criteria will be shown with a clear indication of attainment standards

according to the evaluation items for academic achievements.

Students' academic achievements from admission to the current semester will be indicated as one of three levels: "Excellent," "Very Good," and "Good," based on evaluation criteria calculated by adding the weighted values to numerically converted evaluations of their academic achievements (S = 4, A = 3, B = 2, and C = 1) in each subject being evaluated.

Evaluation of academic achievement	Converted value
S (Excellent: 90 points or higher)	4
A (Superior: 80 – 89 points)	3
B (Good: 70 – 79 points)	2
C (Fair: 60 – 69 points)	1

Academic achievement	Evaluation criteria
Excellent	3.00 – 4.00
Very Good	2.00 – 2.99
Good	1.00 – 1.99

For the details of the evaluation method of academic achievements in this Program:

- * See the relationships between the evaluation items and evaluation criteria on Attached Sheet 2.
- * See the relationships between the evaluation items and class subjects on Attached Sheet 3.
- * See the Curriculum Map on Attached Sheet 4.

9. Graduation thesis (graduation research) (placement and time of assignment & method)

○ Placement

With the graduation thesis positioned as the goal of this Program, students will be required to acquire four credits for Guidance on Graduation Theses, and eight credits for their graduation thesis. Your graduation thesis is a compilation of your academic achievements in this Program. The purpose of preparing a graduation thesis is to confirm the level of your academic achievements in this Program and to allow for further studies after graduation.

○ Time of assignment and method to prepare a graduation thesis

In the first semester of the fourth year, based on the research theme each student selects in advance, students will select the faculty member who will provide guidance on their graduation thesis, and submit the title of their graduation thesis at the end of October, and the graduation thesis itself at the end of January.

10. Responsibility system

PDCA responsibility system ("Plan," "Do," "Check," and "Act")

The Faculty Council of the Program of Japanese and Chinese Languages and Literatures shall be responsible for planning, implementing, reviewing the evaluation of and carrying out any measures required for this Program. The university-wide Educational Quality Assurance Committee shall review the evaluation of and carry out any required measures for this Program from outside this Program.

Attached table (related to Paragraph 3, Article 4 of the Detailed Regulation)

Curricula of School of Letters

No. of credits required for graduation: 124 (liberal arts education subjects: 40 credits, specialized education subjects: 84 credits)

Liberal arts education subjects

Type	Subject type		Required credits	Class subjects	Credits	Type of course registration	Year in which the subject is taken (Note 1)				
							1st semester				
							1T	2T	3T	4T

Foundation Courses		(0)	(Note 3)	1~3	Free elective	○	○	○	○		
計			40								

Note 1: The term indicated with a circle represents the term in which students typically take the subject. If a student fails to earn the credit in that term (or semester), they are allowed to take the subject in a later term (or semester). Students are required to confirm the semester in which the subject is provided in the class schedule for liberal arts education subjects that is published for every academic year, as some subjects may be provided in another term (or semester) than that which is provided in this document.

Note 2: Students are required to earn 4 credits for 2 subjects or more in the natural sciences and 4 credits for 2 subjects or more in the human & social sciences.

Note 3: When the student takes a subject of Information and Data science Courses, Health and Sports Courses, Social Cooperation Courses or Foundation Courses, the credit(s) is considered to be for Area Courses.

Note 4: For English language studies, achievement in an English language skill test might be accepted as a credit. For further details, refer to "Credit based on Achievement in Foreign Language Skill Test" in the section for liberal arts education.

Note 5: Students are required to earn 2 credits for either Basic English Usage I, II or Intensive Studies I, II. Those who want to study foreign languages(excluding English) further are recommended to take Intensive studies I, II. If students earn more credits of them than the number of credits required, the exceeded credit(s) up to 2 credits is considered to be for Area Courses.

Note 6: For Information and Data Science studies, students are required to take the subject "Introduction to Information and Data Sciences" that is provided in the second term, and to earn 2 credits in the subjects of "Computer Programming", "Intelligence and Computer", "Fundamental Data Science", "Ground zero programming" and "Data science for education". If students earn more credits of them than the number of credits required, the exceeded credit(s) up to 2 credits is considered to be for Area Courses.

Note 7: Students who want to obtain an educational personnel certification are required to earn 2 credits for the subject "Japanese Constitution" in Area Courses, 2 credits for the subject "Introduction to Information and Data Sciences" in Information and Data science Courses, and 2 credits in Health and Sports Courses. For the detail, refer to "Acquisition of Educational Personnel Certification" in the section for the specialized education.

Specialized Education Subjects

Program of Japanese and Chinese Languages and Literatures

	(3) Acquisition of the ability of demonstrating originality based on results of previous studies	To adequately acquire traditional research methods on Japanese and Chinese Literatures and Languages and be able to write a thesis full of originality	To acquire traditional research methods on Japanese and Chinese Literatures and Languages and be able to write a thesis full of originality	To acquire traditional research methods on Japanese and Chinese Literatures and Languages and be able to utilize them in a thesis
	(4) Acquisition of the ability of thinking about characteristics of Japanese or Chinese culture and the relationship between them	To acquire the comprehensive knowledge and ability to creatively consider characteristics of culture or mutual relation between Japan and China through four-year studying	To acquire the comprehensive knowledge and ability to chiefly consider characteristics of culture or mutual relation between Japan and China through four-year studying	To acquire the comprehensive knowledge and ability to consider characteristics of culture or mutual relation between Japan and China through four-year studying
	(5) Acquisition of the ability of setting the theme by oneself and solving the problem	To have the ability to set a target and solve problems through four-year studying and to be able to write excellent graduation thesis	To have the ability to set a target and solve problems through four-year studying and to be able to write graduation thesis that meets a certain level	To have the ability to set a target and solve problems through four-year studying

Placement of Liberal Arts Education in the Major Program

The liberal arts education in this program aims not only to develop students' basic academic skills for the study of specialized subjects, but also to learn methods, results, and challenges of studying various subject areas in order to establish a unique point of view that can be used for the furthering of said specialized studies. Students who want to study Chinese linguistics or literatures are required to learn Chinese language skills.
