WHY KOREA?

Korea is a mountainous, peninsular country with nearly **5,000** years of history, and one of the most important international transportation hubs of Asia. Nicknamed the “Land of the Morning Calm,” **Korea** is located at a major crossroads of Northeast Asia. It is one of the largest, most technologically-advanced economies in the world as a result of the “**Miracle of the Han River**” post-Korean War era of rapid economic development. Since the 1960s, when the country’s five-year economic development plans were first implemented, the Korean economy has relentlessly and exponentially grown. From 1962 to 2018, the country’s GDP surged from US\$2.8 billion to a staggering US\$1.33trillion. Years of rapid economic development have propelled the country into becoming the world’s 12th-largest economy.

With a population of 3.6 million, Busan is the second-largest city in Korea and a center of marine logistics in Northeast Asia. The city hosts one of the world's five "SUPER HUB PORTS" and serves as a gateway to the Eurasian continent.

Busan (also known as 'Pusan') is famous for its natural environment of mountains, rivers and sea, with superb oceanfront vistas such as Haeundae and Gwangali Beaches, scenic cliffs, and some of Asia's most famous hot springs! The city is also a tourism hub featuring such outstanding must-see attractions as the Busan Cinema Center - home of the annual Busan International Film Festival, or BIFF, the largest film festival in Asia - the Busan Aquarium, Nurimaru APEC House, Beomeo Temple, Jagalchi (Seafood) Market, Gamcheon Culture Village, the world's largest department store, Shinsegae in Centum City, and many others. Busan is a city of natural beauty, vibrancy, tradition, energy and vitality.

That's why we call it ' *Dynamic Busan!* '
