MIRAI CREA 2nd floor Large Meeting Room

Lecture Abstract

Working memory encompasses an individual's ability to process and store incoming information over brief periods of time. In this presentation we will review the structure and function of the different components of working memory in children and how working memory develops over time.

Short Bio

Shelley Gray is a Professor of Speech and Hearing Science in the College of Health Solutions at Arizona State University and a certified speech-language pathologist.

Location: 1-4-5 Kagamiyama, Higashihiroshima City (South side of Hiroshima University)

Access: 25 min. from JR Saijo Station by Chugoku JR Bus or Geiyo Bus

No registration required.
