# FY2024 Career Management Seminar

## <Profiles of the Lecturers>

Date	Profile
Oct. 9 (Wed.)	<p><b>EURAXESS Japan: Dr. Judit Erika Magyar (Country Representative)</b>            She has been the Country Representative of EURAXESS Japan for 5 years, promoting the European Union as an excellent destination for early, mid- and advanced career researchers of any discipline. Prior to her current post, she worked in project management and lectured extensively at universities in Europe and Japan. She completed her MA studies in various disciplines in Pecs (Hungary), Budapest (Hungary), Milan (Italy) and Fukuoka (Japan) before pursuing a PhD in Tokyo (Japan). Having spent 18 years in Japan, she has extensive knowledge about the academic, research and innovation scenes.</p>
Oct. 23 (Wed.)	<p><b>World Bank Phnom Penh Office: Dr. Fata No (Education Specialist)</b>            Fata No is Education Specialist at World Bank Phnom Penh Office. Previously he was Deputy Director General in charge of educational policy and planning at Ministry of Education, Youth and Sports, and acting Head of Center for Educational Research and Training at Royal University of Phnom Penh. He obtained PhD and MA Educational Development at Hiroshima University, and BA in Teaching English at Royal University of Phnom Penh.</p>
Oct. 30 (Wed.)	<p><b>META (Formerly FACEBOOK) : Dr. Gili Greenberg (Research Manager)</b>            She has been spearheading Market and UX Growth Research at META (formerly Facebook) in Tel Aviv, overseeing a team of quantitative and qualitative researchers dedicated to assisting product teams in crafting human-centered experiences that draw people to META and the internet. Prior to her role at META Tel Aviv, she served as a freelance economic consultant, headed various departments at Dizzi Globile PTY LTD and the Israel Competition Authority, and worked as an economist at the Organization for Economic Cooperation and Development. She earned her Ph.D. in Economics from Università Bocconi in Italy.</p>
Nov. 6 (Wed.)	<p><b>Pioneer Corporation: Dr. Motaz Sabri (AI Research Engineer)</b>            Motaz Sabri, Ph.D. in Affective Computing from Hiroshima University (2018), specializing in Visual Machine Learning. With a decade of experience as an AI and software engineer in startups, his expertise encompasses industrial automation, satellite image understanding, person tracking, and anomaly detection. Currently at Pioneer Corporation, he is dedicated to driving impactful advancements. Conducting global training sessions, he imparts machine learning expertise to diverse professionals. Eager to contribute further, Motaz is committed to sharing cutting-edge innovations that positively shape our world.</p>
Nov. 13 (Wed.)	<p><b>Benesse Educational Research and Development Institute: Dr. Yujie Zhang (Researcher)</b>            She is a dedicated researcher with a Ph.D. in Engineering and expertise in the field of natural language processing, cognitive science and educational psychology. Even while pursuing her doctoral studies, she served as an assistant professor at Tokyo Metropolitan University. After Ph.D. degree, she worked as a postdoctoral researcher at Toho University. Since October 2017, she has been working at Benesse Educational Research and Development Institute as a researcher, focusing on how to build an individual optimization learning environment with automatic item generation, automatic feedback and cognitive diagnostic models.</p>
Nov. 20 (Wed.)	<p><b>Hitachi Shipbuilding Corporation: Dr. Narendra Sarda (Process Engineer)</b>            He is a Ph.D. holder in Life and Material Science, contributed significantly as an R&amp;D &amp; Process Engineer at Hitachi Zosen Corporation for 7 years. He excelled during a 16-month secondment in Switzerland, supporting the world's largest Waste-to-Energy Plant project in Dubai. Passionate about shaping the future, he actively mentors youngsters and students. Driven by a mission to enhance global well-being, As he looks ahead, he is eager to continue making meaningful contributions towards the betterment of life for everyone on this planet.</p>

For whom proficient in Japanese, we will be hosting Career Management Seminars during April to May 2024. Please refer to the website for details. Even if you are not enrolled in the graduate courses of Hiroshima University, you can attend each seminar by registering in advance on the website.
