

Global Career Design Center, Hiroshima University
Career Networking Event in Zoom

HU Coffee Chats

with the Young Professionals

<Overview & Purpose of the Event>

In November 2024, the 2nd Acaric Lounge will open at the Higashi Hiroshima Campus of Hiroshima University. The Acaric Lounge is a community space for students/young researchers with membership to provide opportunities to think about their own future careers. The Global Career Design Center will host a new career event named 'HU Coffee Chats', inspired by that users can freely enjoy coffee in the Acaric Lounge.

Speakers at the events will be young highly-skilled non-Japanese professionals who studied at the PhD Courses of the Graduate Schools of Hiroshima University, who are currently working in Japan. They will provide information on their experiences and tips of the job-hunting toward their juniors.

We hope that this will further promote the employment of young, highly-skilled non-Japanese personnel in Japan, promote the globalisation of Japan, and contribute to the realisation of innovation in Japan and worldwide.
