I Admission Policy

1. Admission Policy of Division of Advanced Science and Engineering of the Graduate School of Advanced Science and Engineering (Master's Course)

The Division of Advanced Science and Engineering of the Graduate School of Advanced Science and Engineering seeks students who have the following aspirations and motivation and have a good grounding in relevant subjects:

- ① An ambition for the promotion of advanced and high-level academic and inter-disciplinary research;
- ② The will to be engaged in professional occupations such as researchers and engineers in areas related to natural science, engineering, and information science;
- ③ A zeal for establishing the "science for sustainable development" from a multifaceted perspective and for solving regional and international issues by acquiring knowledge and study skills for the academic areas related to natural science, engineering, and information science as well as a wide range of intelligence; and
- ④ Common sense and ethics required for a member of society.

In order to admit such individuals, Graduate School of Advanced Science and Engineering selects applicants through a multifaceted and comprehensive evaluation process based on its own Diploma Policy and Curriculum Policy, using oral, written, and/or external examinations.

2. Admission Policy of each Program

[Applied Chemistry Program]

The Applied Chemistry Program seeks students who have the following aspirations and motivation and have a good grounding in relevant subjects:

- ① An ambition for academic research and inter-disciplinary activities;
- ② The will to be engaged in professional occupations such as researchers and engineers in applied chemistry areas;
- ③ A zeal for establishing the "science for sustainable development" from a multifaceted perspective and for solving regional and international issues by acquiring knowledge and study skills for the academic areas related to applied chemistry as well as a wide range of intelligence; and
- ④ Common sense and ethics required for a member of society.

In order to admit such individuals, Graduate School of Advanced Science and Engineering selects applicants through a multifaceted and comprehensive evaluation process based on its own Diploma Policy and Curriculum Policy, using oral, written, and/or external examinations.

[Smart Innovation Program]

The Smart Innovation Program seeks students who have the following aspirations and motivation and have a good grounding in relevant subjects:

- ① An ambition for academic research and inter-disciplinary activities;
- ② The will to be engaged in professional occupations such as researchers and engineers in areas related to the smart material development, the smart measurement and control, and their fusion technologies;
- ③ A zeal for establishing the "science for sustainable development" from a multifaceted perspective and for solving regional and international issues by acquiring knowledge and study skills for the academic areas related to the smart material development, the smart measurement and control, and their fusion technologies as well as a wide range of intelligence; and
- ④ Common sense and ethics required for a member of society.

In order to admit such individuals, Graduate School of Advanced Science and Engineering selects applicants through a multifaceted and comprehensive evaluation process based on its own Diploma Policy and Curriculum Policy, using oral, written, and/or external examinations.

[Quantum Matter Program]

The Quantum Matter Program seeks students who possess the following aspirations and motivation, and have a solid foundation in relevant subjects:

- ① A desire to pursue professional careers as researchers and engineers in fields such as fundamental

material science, condensed matter physics, materials science and engineering, and electronic engineering.

- ② An ambition to acquire knowledge and skills in the aforementioned areas, regardless of prior experience or background before university enrollment.
- ③ A desire to establish new businesses while exploring scientific truths and applying academic findings.
- ④ A passion for advancing the "science for sustainable development" from diverse perspectives, and addressing regional and international challenges through knowledge and academic skills in areas related to fundamental material science, condensed matter physics, materials science and engineering, electronic engineering, and other broad intellectual domains.
- ⑤ The common sense and ethical standards expected of a responsible member of society.

To admit such candidates, the Graduate School of Advanced Science and Engineering evaluates applicants through a comprehensive and multifaceted process, in alignment with its Diploma and Curriculum Policies, using oral, written, and/or external examinations.

II Programs and Number of Students to be Admitted

The Division of Advanced Science and Engineering of Graduate School of Advanced Science and Engineering in Hiroshima University will accept applicants in General Selection for April 2025 admission to the Master's Course as indicated below.

【April 2025 Admission (C Term)】

Division	Program	Capacity	Admission capacity	Venue for examination	Contact Submission address for application documents
Division of Advanced Science and Engineering	Applied Chemistry Program	436	Several students	School of Engineering and the Advanced Science Research Building, Hiroshima University	Support Office for the fields of Engineering 739-8527 1-4-1 Kagamiyama, Higashi-Hiroshima Tel: 082-424-7518, 7519

III Outline of Entrance Examination

1. Schedule of the Entrance Examination

Application period	Date of the entrance examination	Examination subject	Examination result announcement
Friday, November 1, 2024 – Friday, November 8, 2024	Applied Chemistry Program / Smart Innovation Program (Applied Chemistry) : 9:30-, Friday, December 6, 2024	Oral Examination	Planned to be 12:00-, Monday, December 16, 2024
	Quantum Matter Program : 9:00-, Friday, December 6, 2024		
	(Preliminary day: Saturday, December 7, 2024)		

(Caution)

- Dates and time listed above are represented in Japan Standard Time (JST).
- In the difficult case of carrying out the entrance examination because of bad weather, epidemic, etc., the entrance examination may be held on the preliminary day. Postponement of the examination, extension of the starting time of the examination and so forth will be notified on the website of the Graduate School of Advanced Science and Engineering (<https://www.hiroshima-u.ac.jp/en/adse>).

2. Application Eligibility

Refer to the section "IV Application Eligibility".

3. Application Documents and Selection Process

Refer to the page for each Program listed in the section "V Application Documents and Selection Process" and confirm the application documents and selection process (examination subject, basic policy, and evaluation criteria).

4. Application Procedure

- (1) Your application will be accepted via internet during the application period.
Refer to the procedure described in the section "VI Application Procedure".
- (2) Deliver or mail your application documents specified by each Program to the respective Support Offices listed in the section "II Programs and Number of Students to be Admitted".
The Support Office is open from 8:30 to 17:00 during the application period for the applicant who delivers the application documents.
In the case of submission via mail, the documents must be sent in a registered mail and reach us no later than 17:00, Friday, November 8. The documents received after this time shall be accepted only when it is postmarked no later than Wednesday, November 6.

5. Examinee's Number and Printing the Examination Card

After our graduate school has received the application documents and confirmed that the application eligibility has been fulfilled, you will be able to check your examinee's number, the Examination Card and examination guide on the UCARO website (refer to the section "VI Application Procedure") after 12:00 on November 14, 2024 (planned).

Please be sure to print out the Examination Card from the UCARO and bring it on the day of the examination.

6. Result Announcement

We will send the acceptance certificate and the admission guide to the successful applicants by mail.

An announcement will also be made on the website of the Graduate School of Advanced Science and Engineering, Hiroshima University (<https://www.hiroshima-u.ac.jp/en/adse>). The announcement on the website is made as part of information provision and does NOT grant admission officially in any way.

Only mailing of the acceptance certificate should be regarded as an official announcement of admission. Please also note that an announcement will not be made through posting on the bulletin board on campus.
(We do not answer any inquiry via phone.)

IV Application Eligibility

1. Application Eligibility

Those who meet or are expected to meet by March 31, 2025 either of the following criteria.

- (1) A person who graduated from a university or college.
- (2) A person who earned a bachelor's degree from the National Institution for Academic Degrees and Quality Enhancement of Higher Education according to the provision of Section 7 of Article 104 of School Education Act (Act No. 26 of 1947), or is expected to be conferred (Hereinafter referred to as "Expected graduate").
- (3) A person who completed a 16-year school education course in a country other than Japan.
- (4) A person who studied the class subjects provided by a foreign school as a correspondence course in Japan and, as a result, completed the 16-year school education course in the concerned foreign country.
- (5) A person who completed an education course in Japan provided by a foreign education institute which is established as an undergraduate course (limited to that for which the person who completed the course is regarded as having completed the 16-year school education course in the concerned foreign country) within the school education system in the concerned foreign country and has been separately specified by the Minister of Education, Culture, Sports, Science and Technology (MEXT).
- (6) A person who earned a degree equivalent to a bachelor's degree after completing a course of which the term is 3 years or longer (including a person who studied the class subjects provided by a foreign school as a correspondence course in Japan and completed the concerned education course; and a person who completed the education course in Japan provided by a foreign education institute which is established within the school education system in the concerned foreign country and is specified in the item (5) above) in a university or the other school in a foreign country, which has been evaluated for the comprehensive conditions of the education and research activities by a person who is authorized by the government or the concerned institutions of the concerned foreign country, or has been separately specified as equivalent by MEXT.
- (7) A person who completed, after the date specified by MEXT, the specialized course of a specialized training college (limited to that meets the criteria specified by MEXT, such as its term is 4 years or longer) which is separately specified by MEXT.
- (8) A person who has been specified by MEXT (as defined in the Notification of Ministry of Education, No. 5 of 1953: e.g. a person who graduated from a university established under the University Ordinance in 1886 or a college established under a law stipulated for the concerned government agency regarding its establishment such as the act for establishment, order for organization, and individual law for the Incorporated Administrative Agencies).
- (9) A person who wishes to transfer to the Graduate School after once entering other graduate school according to Section 2 of Article 102 of the Act and has been approved by the Graduate School as having academic abilities required for the education in the Graduate School.
- (10) A person who has been approved by the Graduate School as having academic abilities equivalent or superior to those of bachelor degree holders according to the result of the examination that was separately conducted, and is 22 years or older.
- (11) A person who is expected to be enrolled in a university for 3 years or longer at the end of March 2025, and has been approved by the Graduate School as having obtained the required credits with excellent marks and has satisfied both of the following requirements a) and b) at the time of application:

a) Obtained credits

Applied Chemistry Program Smart Innovation Program (Applied Chemistry)	Expected to have taken all possible required courses for graduation at the end of March 2025 * Should satisfy the requirement above at the time of the application for Preliminary Evaluation (refer to the "2. Preliminary Evaluation").
Quantum Matter Program	Expected to have taken all possible required courses and has obtained 80% or more of the required credits for graduation at the end of March 2025

b) Academic grades

Applied Chemistry Program Smart Innovation Program (Applied Chemistry)	Grades of three-quarters or more of credits regarding the specialized subject should be "A" or better (80 marks or more out of 100)
Quantum Matter Program	Grades of 90% or more of total obtained credits should be "A" or better (80 marks or more out of 100)

(Caution) The applicant who falls under any of the criteria (9), (10), (11) above is subject to a preliminary evaluation of the application eligibility (refer to the "2. Preliminary Evaluation").

2. Preliminary Evaluation

(1) Preliminary Evaluation

The applicant who falls under any of the application eligibility (9), (10), (11) above must follow the procedures below and pass a preliminary evaluation of the application eligibility.

a) Application Period

Tuesday, October 15, 2024 - 17:00, Monday, October 21, 2024

(The application documents must be submitted in a registered mail with indication of the phrase "Application Form for Preliminary Evaluation is enclosed" in red on the front surface of the envelope.)

(2) The results of the preliminary evaluation will be notified to the applicants by Tuesday, October 29, 2024.

(3) The applicant who has successfully passed a preliminary evaluation must submit the application documents (except the ones which have been already submitted in a preliminary evaluation) specified for each Program. Refer to the respective pages listed in the section "V Application Documents and Selection Process".

【Note for the applicant who falls under the application eligibility (11) above】

The applicant who falls under the criteria (11) above should inform the office and academic staff in charge of student support (a tutor in case of Hiroshima University) about applying for this selection and confirm about the necessary procedures to enroll in the graduate school after passing the selection.

Please be aware that, if you do not complete the necessary procedures, you may be disadvantaged such as not being able to enroll.

After successfully passing the selection, if you will not satisfy any of the required conditions stipulated in the "Application Eligibility" by March 2025, your qualification of admission will be cancelled.

If the applicant who took this selection under the criteria (11) is admitted to master's course of our graduate school, the school record as an undergraduate student will be registered as "withdrawn". (Please confirm the necessary procedures for withdrawal at the currently enrolled university.) Therefore, please be aware that such an applicant is not eligible for taking some national qualification tests and other examinations that require graduation from an undergraduate school.

3. Application Requirements

Those who apply for Applied Chemistry Program and Smart Innovation Program (Applied Chemistry) must meet the application eligibility above and the application requirement below.

◆The applicant who falls under any of the application eligibility (1) to (10) above

The applicants must meet either of the following requirements.

- ① Able to submit a score certificate of the English-language proficiency examination which was held in the period from May 2022 to the time of application such as TOEIC® L&R (score 450 or above), TOEFL®-ITP (score 457 or above), TOEFL®-iBT (score 44 or above), IELTS Academic (score 4.0 or above) or Cambridge English Qualifications (score 140 or above) at the time of application; or
- ② Able to submit a certificate indicating that the applicant has received a higher education in English.

◆The applicant who falls under the application eligibility (11) above

The applicants must be able to submit a score certificate of the English-language proficiency examination which was held in the period from May 2022 to the time of application such as TOEIC® L&R (score 500 or above), TOEFL®-ITP (score 470 or above), TOEFL®-iBT (score 52 or above), IELTS Academic (score 4.5 or above) or Cambridge English Qualifications (score 150 or above) at the time of application.

V Application Documents and Selection Process

Note that the application documents and selection process vary for each program.
