## Specifications for Major Program

Name of School (Program) [School of Letters, Humanities]

Program name (Japanese)  (English)	哲学・思想文化学プログラム <hr/> Philosophy and Thought
1. Degree: Bachelor of Arts	
2. Outline <p>The Program of Philosophy and Thought is designed to develop human resources who regard the contemporary world through the lens of human wisdom inherited from the societies and histories of every region, including Western countries, India, China, and Japan.</p> <p>In the field of Western philosophy, this program allows students to acquire basic methods necessary for philosophical inquiry, and to develop the ability to examine issues, including various contemporary problems, deeply and multilaterally through the systematic and literature-based study of the main philosophical issues from ancient to modern times, such as ontology, logic, epistemology, and subjectivity and objectivity.</p> <p>In the fields of Indian philosophy and Buddhism, after learning Sanskrit, students will be able to understand the diverse Indian world through the study of classical literary works such as mythology, poetry, drama, the religious and philosophical works of Hinduism and Buddhism, indigenous grammar books, etc. In addition, the education offered by the program allows students to understand how Buddhism originated with the Buddha, and how it was changed and developed in Sri Lanka, Southeast Asia, and Tibet.</p> <p>In the field of Ethics, through the study of Japanese and Western ethics, including the history of ethical thought, students are able to study applied ethics in relation to life, the environment, information, education, research, robotics, space, enterprise, gender, and peace, deepening their worldview, view of life, and sense of value.</p> <p>In the field of Chinese thought and culture, the program allows students to make an in-depth study of the contents and features of the 3000-year-old tradition of Chinese thought and culture, such as Shoshi Hyakka (the Various Masters of the 100 Schools), Confucianism, Taoism, Neo-confucianism, and Japanese sinology, with a focus on careful reading of the literature. In addition, students consider the significance of this culture in relation to modern society.</p>	
3. Diploma policies (degree conferment policy & Program attainment goals) <p>School of Letters adopts “to foster unique human resources with rich human nature who have broad basic academic abilities and expertise mainly in the field of humanities, who accurately look in modern society based on their acute sensitivities and objective perspectives” as its educational principle. To implement this principle, the School of Letters educational goals are “to inherit traditional research findings and methodologies; to deepen basic research in the areas of expertise; to always pay attention to new research fields and interdisciplinary fields; to actively promote wide-ranging research; to activate research always with a keen awareness of problems for modern society; to enhance foreign language proficiency; to acquire an information processing ability in line with the necessity of the areas of expertise; to cultivate modesty and flexibility in order to engage in constant self-improvement; and to foster an attitude to learn about human history and to value the spirit of international peace.”</p> <p>In this Program, based on these educational principles and goals, we set the following attainment goals:</p>	

- (1) To acquire a wide range of basic academic skills, and expertise in the fields of philosophy, and of thought and culture,
- (2) To learn the results and methodology of traditional research in each area of expertise (Philosophy, Indian Philosophy, Buddhism, Ethics, Chinese Thought and Culture), and
- (3) To deepen their basic studies in each field of expertise and, in addition, acquire an academic grounding which allows them to develop new research and interdisciplinary areas through discovery of significant contemporary factors and issues.

To be awarded a degree after completing the curriculum in this Program, which is designed to attain these goals, students are required to meet the following conditions:

- (1) Students shall be enrolled in this Program for a prescribed period, and shall acquire the prescribed number of credits by completing class subjects set by this Program, and
- (2) Students shall develop a deep insight into human culture through the collection, analysis, and critical consideration of sourcebooks and historical materials, and shall prepare and submit their own theses.

#### 4. Curriculum policies (Policies for organizing & providing curricula)

This Program organizes and implements the following curricula to achieve the educational principles and educational goals of the School of Letters, as well as to attain the goals of this Program:

- (1) Students shall take liberal arts education subjects to acquire a broad education that provides the basis for specialized research, foreign language abilities, information processing ability, and a broad perspective on human problems such as peace-related problems in an interdisciplinary fashion,
- (2) Students shall be assigned to the educational program & the field of expertise in the second year, and shall take subjects for specialized lectures to acquire a basic knowledge and understanding on their respective fields of expertise,
- (3) Students shall take participatory and small-class subjects for specialized seminars (such as basic seminars and advanced seminars) in the third year to acquire the ability to comprehend the source materials, the ability to investigate materials, research methods, and the ability to perform logical analysis, and
- (4) Students shall refine their creative and multifaceted analytical abilities under the guidance of faculty members in their fourth year, and after deciding on the theme of their theses, shall prepare their graduation theses as a compilation of their studies in the Bachelor Program.

#### 5. Start of the Program & specialized field / admission conditions

Second year / Respecting each student's choice, we will use the following method to screen students at the end of the first year using their registration for subjects after enrollment at this University as a reference.

Students enrolled via the Splendor (Hikari Kagayaki) Entrance Examination Comprehensive Selection Type II will be assigned to the program for which they took examination.

##### (1) Submission of a notice of choice

Submit your notice of choice and written reasons for choosing the educational program and field of expertise by the last day of January in the first year.

##### (2) The method of screening applicants shall be based on the following items.

- When the number of applicants is within the number of students to be accepted: Accept all applicants as requested
- When the number of applicants exceeds the number of students to be accepted: Accept the students with the top academic achievements until the number of students to be accepted is fulfilled.

Students who are not accepted for their first choice will be accepted for their subordinate choices within the number of students to be accepted by the order of their academic achievements.

7. Class subjects and class content

- \* See the Table of Registration Standards on Attached Sheet 1 for your class subjects.
- \* See the syllabus announced in each fiscal year for the class content.

8. Academic achievements

At the end of each semester, evaluation criteria will be shown with a clear indication of attainment standards according to the evaluation items for academic achievements.

Students' academic achievements from admission to the current semester will be indicated as one of three levels: "Excellent," "Very Good," and "Good," based on evaluation criteria calculated by adding the weighted values to numerically converted evaluations of their academic achievements (S = 4, A = 3, B = 2, and C = 1) in each subject being evaluated.

Evaluation of academic achievement	Converted value
S (Excellent: 90 points or higher)	4
A (Superior: 80 – 89 points)	3
B (Good: 70 – 79 points)	2
C (Fair: 60 – 69 points)	1

Academic achievement	Evaluation criteria
Excellent	3.00 – 4.00
Very Good	2.00 – 2.99
Good	1.00 – 1.99

For the details of the evaluation method of academic achievements in this Program:

- \* See the Curriculum Map on Attached Sheet 4.

9. Graduation thesis (graduation research) (placement and time of assignment & method)

○ Placement

With the graduation thesis positioned as the goal of this Program, students will be required to acquire four credits for Guidance on Graduation Theses, and eight credits for their graduation thesis. Your graduation thesis is a compilation of your academic achievements in this Program. The purpose of preparing a graduation thesis is to confirm the level of your academic achievements in this Program and to allow for further studies after graduation.

○ Time of assignment and method to prepare a graduation thesis

In the first semester of the fourth year, based on the research theme each student selects in advance, students will select the faculty member who will provide guidance on their graduation thesis, and submit the title of their graduation thesis at the end of October, and the graduation thesis itself at the end of January.

10. Responsibility system

PDCA responsibility system ("Plan," "Do," "Check," and "Act")

The Faculty Council of the Program of Philosophy and Thought shall be responsible for planning, implementing, reviewing the evaluation of and carrying out any measures required for this Program. The university-wide Educational Quality Assurance Committee shall review the evaluation of and carry out any required measures for this Program from outside this Program.
