Academic Reading I & II

You will be informed of your class assignment at your first class on April 8, so please come to the classroom K303.

- Reading academic materials \neq Reading for pleasure
- What is academic reading?
'Active process that goes beyond merely reading and highlighting your text. You need to interact with the text by taking notes, making connections between the text and what you already know or have experienced, and asking critical questions about the material you are reading.' [Academic Reading and Writing | Centre for Teaching and Learning \(utoronto.ca\)](http://utoronto.ca)
- Need to learn academic reading skills (e.g., online search, paper structure)
- Research papers published in international journals

Special English Training for Studying Abroad

Special English Training for Studying Abroad is provided in Term 2. It is an elective course for students who are interested in studying abroad and want to improve their English abilities to be accepted by universities overseas. In particular, you will learn what IELTS is like and work on a lot of examples and exercises, using a textbook. If your TOEIC® score is higher than 800, you do not have to take this course. Please brush up on your English by yourself. This is a course for intermediate students of English.

Approval of credits for English communication subjects

- You can receive credit approval depending on your TOEIC score etc. obtained **after being enrolled to HU.**
- Practical English Proficiency Test (*Eiken*) **Pre-1 Grade** or above
- TOEFL iBT **68** or above
- TOEIC® L&R **730** or above
- IELTS **5.5** or above

Make sure that you consult your tutor before starting the application process.

Type 2: Japanese Language Courses

IGS recommends to improve your Japanese skills as high as you can.

That will help you

- communicating with other people
- understanding Japan
- finding a job after graduation (if you want to stay in Japan).

The course level you can take will be decided according to your online placement test score.

Level 1 ~ Level 4

All courses are pre-registered based on the OJPT result.

IGS Specialized Education

Subjects: 3 fields of study

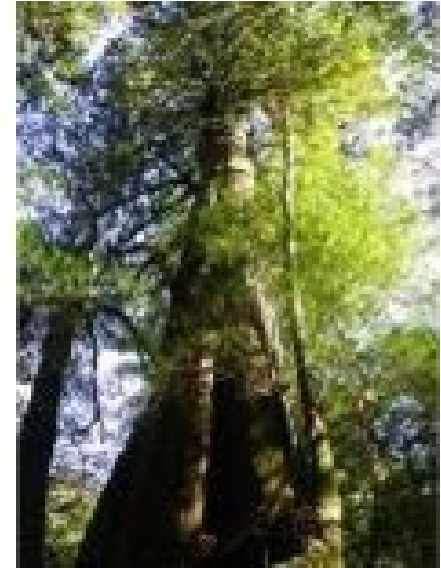

Courtesy of Hiroshima Prefecture

Culture and Tourism

Peace and Communication

Environment and Society

Steps to selecting a field

1. Introductory Seminar for First-Year Students:
Interviews with IGS faculty
2. Term 2: “Invitation to Integrated Global Studies I” ,
Term 3: “Invitation to Integrated Global Studies II” :
Learn about the three fields.
Learn to associate various global issues and events with
the three fields.

Steps to selecting a field

3. Final Decision on the Selection of a field:

- Consult with both your tutor and a faculty member of your desired field in December. Submit the “Field Request Form” until mid-January.
- The tutor will confirm each student’s request by the end of January, and a committee will make the final decision in February.
- The Department aims to have a good balance of the number of students in each field. In the event that many students have a strong interest in one particular field, it is possible that adjustments will be made based on the Field Request Form and student’s GPA.

IGS Student Ambassador

- IGS student ambassadors will represent the IGS students.
- Students can voice their ideas, concerns, or opinions regarding the program, school, or daily life to the ambassadors.
- Regular Ambassador Meeting with IGS professors and staff once a semester or whenever necessary.
- The ambassadors plan social events for the IGS students, staff, and professors.
- New ambassadors will start their activities in May each year.

→ If you are interested in becoming an IGS Student Ambassador, please talk to your tutor!
