

Global Career Design Center, Hiroshima University

Career Networking

for the Students & Postdocs

We will be holding a career networking event for global talents willing to work as AI engineers in Japan.
Special guests from **Ridge-i** will join to network with us

OUTLINE & ELIGIBILITY

We will be inviting the HR managers from **Ridge-i** as special guests to provide an overview of their company and to network with participants.

Ridge-i connects technology to solving societal challenges, implementing solutions that utilise AI for data analysis, image recognition, generative AI, and more.

We welcome participation from those interested in AI engineering, leveraging the data analysis and programming implementation skills cultivated through our research.

DATE & TIME

Friday 31st October 2025

14:00-16:00 (JST)
