Opening BIBLA Media Space Announcement

On October 6, BIBLA Media Space opened on the first floor of the Central Library. The space is equipped with various printing devices that can digitize materials, including 3D scanners and book scanners. In addition to materials from our library's collection, you can also digitize research materials from other libraries using a digital archiver, as well as view large-format materials and digitized resources on a large display. Please feel free to use it at the counter. For details, please scan the QR code on the right.

For more information on how to use it, scan here!
