**Hiroshima University  
J-PEAKS International Symposium 2026**

# **New Frontiers through Interdisciplinary Research Integration — Focusing on Synchrotron Radiation Science —**

**異分野融合研究が拓く新展開 — 放射光科学を起点として —**

**2026  
MAR. 2**

**1:00 pm-6:00 pm**

**Higashi Hiroshima  
Arts & Culture Hall Kurara**

**FREE**

**Language:** Japanese & English (Simultaneous Interpretation Provided)

## **[Registration Deadlines]**

Networking Reception: **Feb 12, 2026**

Symposium (Pre-registration): **Feb 23, 2026**

\*Walk-ins are welcome at the venue after the pre-registration deadline.

Through the Program for Forming Japan's Peak Research Universities (J-PEAKS), Hiroshima University serves as a hub for "People, Knowledge, and Resources," aiming to create an ecosystem where diverse research fields converge. This symposium focuses on fostering interdisciplinary research centered on our world-class "Synchrotron Radiation Science" and strengthening international research networks, engaging in discussions with global partners to pioneer the next generation of knowledge.

広島大学は、J-PEAKS（地域中核・特色ある研究大学強化促進事業）を通じて「人・知・資源」のハブとなり、異分野が融合するエコシステムの形成を目指しています。本シンポジウムでは、世界水準の「放射光科学」を起点とした学際的研究の創出と国際的な研究ネットワークの強靭化を目的とし、国内外のパートナーと共に次世代の知の開拓に向けた議論を展開します。
