

Wise Use of Biomass Resources for Realizing Low-Carbon Society

Organized by

IDEC, Hiroshima University
Hiroshima International Center for Environmental Cooperation (HICEC)

Date & Venue

Dec. 13th, 13:00 – 16:00, at IDEC Large Conference Room

Keynote Speech

13:00 – 13:30

Wise Use of Biomass Resources & Low-Carbon Society

Prof. Nakagoshi Nobukazu
(IDEC, Hiroshima Univ.)

Invited Lecture I

13:30 – 14:00

Biomass Waste Utilization for Bioenergy, Case Study in Lampung, Indonesia

Prof. Udin Hasanudin
(Lampung Univ. Indonesia)

Invited Lecture II

14:00 – 14:30

Sustainable Biomass Production in the Tropics

Mr. Matsui Kunio (TOYOTA Motor Corporation)
(ex. President Director of TOYOTA Bio Indonesia)

Research Activities of WUBR I

14:45 – 15:15

Potential Use of Sweet Sorghum for Bioethanol Production in Developing Countries

Prof. Tran Dang Xuan
(IDEC, Hiroshima Univ.)

Research Activities of WUBR II

15:15 – 15:45

Wise Use of Biomass Resources on the DPA Project : Development and Practice of Advanced Basin Model in Asia

Prof. Higashi Osamu
(IDEC, Hiroshima Univ.)
