

Phoenix Leader Education Program (Hiroshima Initiative) for
Renaissance from Radiation Disaster

The 3rd International Symposium “Nature, Human being, and Radiation” was held at
International Conference Center Hiroshima on February 15-16, 2014.

With guest speakers from Japan and abroad, participation of researchers, students, and
university staff, of Hiroshima University and other universities in Japan, it was a great
opportunity to learn latest findings and exchange opinions.

Welcome by Prof. Tetsuji Okamoto,
Program Director
