

**Recruitment Information (Application Deadline Extended)**  
**Research Institute for Radiation Biology and Medicine, Hiroshima University, Japan**

August 9, 2017

The Research Institute for Radiation Biology and Medicine (RIRBM) at Hiroshima University invites applications for a full-time and tenured Assistant Professor. RIRBM has engaged in wide range of research concerning radiation biology and medicine since its establishment in 1961. In addition to the study of acute and late effects of ionizing radiation by the atomic bombing or by other radiation exposures, we have been involved in the development of effective diagnosis and treatment of patients with from radiation diseases, the establishment of radiation defense system, and so on. RIRBM has been promoting collaborative utilization and cooperative research as a core center of "Research base for Radiation accidents and Medical Science".

Hiroshima University has been assigned by the Nuclear Regulation Authority as "Advanced Radiation Exposure Medical Center" and "Nuclear-power Disaster Medical Care Supporting Center", and is contributing to the establishment of the nationwide medical care system for the nuclear-power disaster.

We are seeking for a highly motivated candidate with an excellent background in radiation emergency medicine who can be involved in the enforcement of the medical care system for the nuclear-power disaster.
