

23rd May 2017 (H29)

“Briefing on Entrance Examination to the Students &
High School Teachers Concerned”

2017 Hiroshima University Promotion
Tours & Special Briefing Sessions

Entrance Examination Center at Hiroshima University is holding a Hiroshima University Promotion Tours and Special Briefing event at eight places in Western Japan, which is aimed for the current high school students or those intending to sit for the entrance examination, and their parents/guardians.

Apart from a brief introduction of HU and explanations on the entrance examinations, we will give some briefing on The School of Informatics and Data Science (application in process), The Department of Integrated Global Studies (application in process), which are both expected to open in April 2019 (H30) as well as some explanations about the Reorganization of School of Engineering (application in process).

Apart from the promotion tours, there will be special briefing sessions by President Ochi and faculty members from Hiroshima University in the following venues: Hiroshima, Kobe, Matsuyama, and Fukuoka.

In Hiroshima and Matsuyama, there will be a dialogue session between the President and the floor (high school students and their parents/guardians) where he will dwell on what Hiroshima University excels.
