

27th July 2017 (H29)

**“Japan Biology Olympiad 2017 Hiroshima
for Nationwide Screening
is Held at Hiroshima University**

Hiroshima University is organizing “Japan Biology Olympiad 2017 Hiroshima for Nationwide Screening” hosted by Organization of Japan Biology Olympiad Committee (JBO). See below (Order of the Event) for more details.

Eighty senior high school students will participate in this event at Hiroshima University that lasts for three nights and four days during which the participants will be accommodated at the local competition camp and take examinations including “Practical Exam” which is the mock-version of the International Biology Olympiad. Apart from the examinations, various programs are in line including an exchange session with research experts specialized in biology, experience-based visits to research facilities, and parties for the participants to get to know each other. Prizes will be awarded to those students with outstanding Exam results.

Those fifteen students awarded for their outstanding Exam results who are in their first or second-year at senior high schools, are automatically qualified to take part in the Selection Test (held in March 2018) in which four finalists will be chosen for the 29th International Biology Olympiad 2018 held in Iran.

Order of the Event

Date: Saturday, 19th August 2017 (H29) Opening Ceremony (starting at 13:00); Practical Exams

Sunday, 20th August 2017 Practical Exams
