

Recruitment Information
Research Institute for Radiation Biology and Medicine, Hiroshima University, Japan

October 5, 2017

The Research Institute for Radiation Biology and Medicine (RIRBM) at Hiroshima University invites applications for a full-time and tenured Assistant Professor. RIRBM has engaged in wide range of research concerning radiation biology and medicine since its establishment in 1961. In addition to the study of acute and late effects of ionizing radiation by the atomic bombing or by other radiation exposures, we have been involved in the development of effective diagnosis and treatment of patients with from radiation diseases, the establishment of radiation defense system, and so on. RIRBM has been promoting collaborative utilization and cooperative research as a core center of "Joint Usage/Research Center for Radiation Disaster Medical Science".

We are seeking for a highly-motivated candidate with an excellent background in Radiation Disaster Medical Science who can be established a system of regenerative medicine for radiation emergency.

1. Affiliation (Appointment):

Academy of Hiroshima University (Research Institute for Radiation Biology and Medicine)

2. Position and the Number of Opening: Assistant Professor, one (1)

3. Date of Appointment: February 1, 2018

* Be sure to be able to arrive by March 31, 2018.

4. Period of Employment: Five (5) years

* No reappointment or extension of employment will be offered. However, tenure-track faculty members will undergo a tenure review within six (6) months prior to completion of the term of appointment, and those who have successfully passed the review process will be granted tenure.

5. Field of Specialization:

Radiation Disaster Medical Science to Establish a System of Regenerative Medicine for Radiation Emergency

6. Teaching responsibilities

Undergraduate level (general education courses): Peace Science Course, etc.

Undergraduate level (discipline specific courses): Regenerative Medicine, etc.

Graduate level (master's programs): Regenerative Medicine and Radiological Science, etc.

Graduate level (doctoral programs): Regenerative Medicine for Radiation Emergency, etc.

* In addition to the courses listed above, he or she may be asked to teach other general education courses and/or discipline specific courses in other department(s) and graduate school(s).

7. Application Requirements

Applicants must satisfy all of the following qualification.

(1) Be under 35 years old as of March 31, 2018.
