CALL FOR APPLICATIONS FOR THE INU Nursing Workshop 2017

Program Theme:
“Patient Safety & Quality Care”

Scheduled to take place concurrent with the Peace Memorial Ceremony on August 6, the workshop will include expert speakers from each of the universities, visits to hospitals and community health organizations, and interactive case studies in which students apply learning principles and application to Patient Safety & Quality Care.

Learning Contents:

- Communicate clearly to a group which is culturally and linguistically diverse
- Learn QSEN (Quality and Safety Education for Nurses)—the newly developed standardized, international program
- Learn and experience the scenario case study, interprofessional education (IPE), and simulation learning. One of the founders and experts from US come to teach us.

- ✓ Participants: USA, Sweden, Spain, England, South Africa, Japan
- ✓ Course includes: lectures, field works, site visits (hospitals, a nursing home etc), , group works, and cultural activities

Speakers from Toyota & Mazda,
and the site visit!!

Lean Management (Toyota)
Six Sigma (Mazda)
